Look at the picture below. What do you know about this TV show?

In your opinion, what do you think is necessary for a TV show to succeed? Explain.

Look at the picture below. Talk about the web pages you use the most.

Explain how the internet is helping you to achieve your school goals.

PART III (General conversation)

Talk about how you chose your major.

Timeline

What I knew about it before.....

What I know now.....

What I expect.....

Talk about how you chose your major; Talk about what you knew about your major in the past, what you know now and what your future will be when you finish your degree.

Ex.: "Hi, good morning! My name is Alex Kent and I'm Mexican. I am 20 years old. Before I started my major I didn't know much about it, but I started searching in the internet all about Food Technology. I found out that it is one of the most interesting majors I could study. Today I know how important our job is for everybody's health and life. "I see myself working for a big company in a few years from now, if I speak English well enough I will probably find a job abroad....."
